HOUSE RULES

1. **We never look in your basket.** Images, merging and splitting happen on your own device.
2. **Nothing gets left behind.** The dryer (PDF compression) runs on our machine and is emptied after every load.
3. **No coins needed.** Everything here is free. No sign-up, no watermarks.
4. **Lights follow the clock.** After 7 p.m. your time, the shop switches to its night lights.

OUT OF ORDER

When a load can't go in

Every error gets a friendly note on the machine and one clear way forward.

NO.3 · DRYER E-413

This load is too heavy

The dryer takes up to 30 MB per load. Split your PDF on the clothesline first, then dry each part.

NO.3 · DRYER COOLING

Machine cooling down

You've run a lot of loads in a row. Give it a minute and try again.

Ready again in 0:42

NO.3 · DRYER NO POWER

You're offline

The dryer needs internet. The washers, folding table and clothesline still work offline.

Try again

NO.3 · DRYER E-422

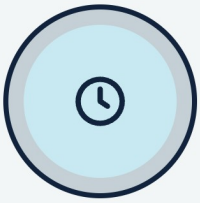

This one's torn

We couldn't open this PDF. It may be damaged. Try saving it again from the app that made it.

NO.3 · DRYER E-504

This load took too long

Big, photo-heavy PDFs can take more than a minute to dry. Split it on the clothesline and dry each part.

NO.3 · DRYER E-500

Something jammed the drum

That one's on us, not you. Your file wasn't kept. Give it a moment and run the load again.
